Assignment: Figma Portfolio Design Project

Objective:

The purpose of this assignment is to provide students with hands-on experience in designing a personal portfolio using Figma. This project aims to enhance your skills in UI/UX design, layout, and visual presentation.

Instructions:

Task: Design a Personal Portfolio

Your task is to create a visually appealing and user-friendly personal portfolio design using Figma. This portfolio will showcase your skills, projects, and provide a snapshot of your professional identity.

Requirements:

Homepage:

Include a header with your name and navigation links (e.g., Home, About Me, Projects, Contact).

Design a hero section with a brief introduction and a call-to-action button.

About Me:

Create a section that introduces yourself, including a short bio and your skills.

Use visual elements (e.g., images, icons) to enhance the presentation.

Skills:

Showcase your technical and soft skills in a visually appealing manner.

Consider using icons or other graphical elements to represent each skill.

Projects:

Display at least three project showcases.

Include project titles, descriptions, and any relevant images or screenshots.

Contact:

Design a contact section with a form or contact details.

Ensure a clear and accessible way for visitors to get in touch with you.

Design Guidelines:

Ensure a consistent and visually cohesive design throughout the portfolio.

Pay attention to typography, color scheme, and spacing for a polished look.

Prioritize user experience by creating an intuitive navigation flow.

Design for responsiveness to ensure a seamless experience on various devices.

Figma Link:

Create your portfolio design using Figma.

Share the Figma link with your instructor for review.

ReadMe File:

Include a brief ReadMe file in your Figma project.

Evaluation Criteria:

Your portfolio design will be evaluated based on the following criteria:

Creativity and Originality: Unique and innovative design elements.

Usability: Intuitive navigation and user-friendly layout.

Visual Appeal: Aesthetically pleasing design with attention to detail.

Content Presentation: Clear and concise presentation of information.

Important Dates:

Assignment Release Date: 21.12.2023

Submission Deadline: 31.12.2023

Feedback and Review: 3.01.2024

Additional Notes:

Reach out to the instructor if you have any questions or need clarification.

Consider exploring Figma tutorials or documentation for additional guidance.
